

**Steven E. Johnson,
Project Manager/Environmental Scientist
ERS**

Steven E. Johnson, Project Manager/Environmental Scientist, holds a Bachelor of Science in Biology, minoring in chemistry and geology, with a concentration in environmental sciences. Johnson has over six years of professional experience in the environmental consulting field. This experience has included due diligence assessments (Phase I Environmental Site Assessments), soil and groundwater site investigations, geotechnical investigations, bench-scale and pilot-scale hazardous waste treatability studies, asbestos and lead-based paint inspections and abatement oversight, and preparation of technical environmental programs including storm water pollution prevention plans (SWPPPs), spill prevention, control, and countermeasures plans (SPCCs), and corrective action plans (CAPs) for underground storage tank projects.
